Commerical and Financial

Stocks and Bonds.

NEW YORK, Dec. 5.—Bonds and stocks moved contrarily today; the former evincing greater heaviness, while the list of stock prices issued by the exchange after the close indicated a firmer tendency. The only pronounced exception to the downward tendency in bonds again was furnished by the several Rock Island issues, which rose from one to three points, the latter measuring the gain in the collateral four.

Dealings in bonds, while relatively larger in volume than on the two preceding days, involved a smaller number of issues. Bids and asked prices of stocks indicated not only a rising tendency but a broader inquiry. Today's business in stocks, while not disclosed, was reported to show an increase for the two hours over the same period of the early days of the week.

Contrary to reports, the special committee in charge of the stock exchange today announced that plans to effect a resumption of open dealings in stocks had not yet gone beyond the tentative stage.

The only feature to foreign exchange was the increased strength of reichsmarks, which rose half a cent over yesterday's quotation. This week's bank statement was especially interesting in that it was the first full and complete exhibit made since the outbreak of the war and the first comparative report of its kind since the new federal reserve system became operative. Actual loss of \$10,775,000 was much under general estimates, while the loan expansion of about \$22,500,000 was ascribed to various syndicate operations.

New York Cotton

NEW YORK, Dec. 5.—Houses with foreign connections were good buyers of cotton today and prices ruled higher in the absence of any aggressive selling. The close was steady at a net advance of 2 to 8 points. Reports that a Memphis authority estimated the crop at 15,120,000 bales excluding linters or considerably lower than figures recently published, may possibly have helped the advance, but talk of improving export demand and the failure of southern hedge selling to develop on anything like a material scale, were the bullish factors chiefly discussed around the ring.

The market opened steady at a decline of 2 points to an advance of 4 points, but generally 1 to 4 points higher in keeping with steady Liverpool cables. There was a little southern selling but offerings from that source were not considered heavy enough to indicate any weakness in the interior and prices soon improved on investment buying of October an trade buying of spring and summer months which was supposed to come largely from German sources. Active months sold about 7 to 12 points net higher in consequence while December and January contracts were quiet enough to suggest a much reduced interest and held within a point of the opening figures.

The close was a shade off from the best under realizing. Spot cotton quiet; Middling uplands 7.50; Gulf 7.75. No sales. Cotton futures closed steady.

	Open	High	Low	Close
January	7.21	7.20	7.20	7.20
March	7.35	7.44	7.35	7.39
May	7.51	7.61	7.51	7.57
July	7.65	7.78	7.66	7.74
October	7.94	8.02	7.94	7.99

New Orleans Cotton

NEW ORLEANS, Dec. 5.—Cotton made a decided show of strength today, standing at one time 9 points up on the most active months and closing at a net gain of 7 to 8 points. This was in spite of much larger crop talk and bearish predictions of further weakness in the spot markets of the interior. The chief source of strength was the demand from the short side. Sellers of the week who wanted to realize profits on the week and met with only scanty offerings and quickly bid prices up on themselves. Goatsip said that professional traders were putting out hot cotton on the rise but their offerings were not large enough to affect the market.

Statistics had what bears considered were strong points against the market but statistics had little influence. Mill takings thus far this season were estimated at 3,365,000 bales against 5,506,000 a year ago and 4,937,000 two years ago.

This was rather a smaller total than looked for. Spot cotton steady. Sales on the spot 255 bales; to arrive 700.

Cotton futures closing: January 7.19; March 7.29; May 7.48; July 7.67; October 7.88.

Liverpool Cotton

LIVERPOOL, Dec. 5.—Cotton, spot dull; prices quiet; American middling 4.37; good middling 4.61; middling 4.35; low middling 3.89; good ordinary 3.24; ordinary 2.75.

Sales 9,000 bales, including 2,300 American and 300 for speculation and export. Receipts 23,879 bales, including 14,408 American. Futures closed steady. May-June 4.10; July-August 4.15 1/2; October-November 4.25 1/2; January-February 4.31.

Dry Goods

NEW YORK, Dec. 5.—Cotton goods were quiet. Yarns were dull. Wool goods for domestic use were firm but business was inactive. Linens were firm. Burials were easy. Knit goods for the fall of 1915 were offered at lower prices than last year proved attractive to some buyers.

Cotton Seed Oil

NEW YORK, Dec. 5.—Cotton seed oil was again firm and higher on covering and more confidence buying on growing evidences of a good domestic and export demand for the cash article. Closing prices were 2 to 14 points net higher.

The market closed irregular. Spot 5.92@6.05; December 6.00@6.05; January 6.09@6.10; February 6.18@6.22; March 6.28@6.31; April 6.37@6.41; May 6.52@6.51; June 6.59@6.51; June 6.59@6.60; July 6.63@6.65. Total sales 8,400.

Cotton Goods.

NEW YORK, Dec. 5.—Although cotton goods trading has been generally quiet for the week some steps have been taken to revise the prices of goods to a basis nearer the levels at which cotton is selling. Denims have been sold at a decline of 1 to 1 1/2c a pound from the top for this year.

Wide sheetings were revised downward 2 1/2c a yard on some leading numbers. Sheetings, print cloths and convertibles have been quiet. Fine and fancy cottons are being re-ordered in very moderate lots and fine yarn mills need business. The duck markets continue curtailing production on cotton goods in several directions, but other mills are being directed to work on stock goods because cotton is cheap.

Prices continue nominal and irregular as follows: print cloths 28-inch 64x60s, 3c; 64x60s, 2 3/4c; 38-inch 64x64s, 3 7/8c; brown sheetings, southern standards, 6 1/4@6 1/2c; denims, 9 oz., 12 1/2c; tickings 8 oz., 12 1/2c; standard prints 5 1/4c; staple ginghams, 6 1/4; dress ginghams, 9 1/4c.

Chicago Grain

CHICAGO, Dec. 5.—Wheat prices rose today, helped by advancing quotations at Liverpool and by reports that Italy was purchasing on a large scale in Argentina. The market closed firm, 1-4@3-8 to 1-2 above last night. Corn finished unchanged to 1-16 down, oats unchanged to 3-8 up and provisions at 2 1/2@5 to 7 1/2@10 decline.

Grain and provisions closing:

Corn: December 63 1/2

PARIS, Dec. 5.—(2:45 p. m.)—The official French communication given out in Paris this afternoon says that north of the Lys the French troops have made perceptible progress, advancing at one point for a distance of 500 yards. The French resisted successfully German efforts with heavy artillery to drive them back. Rheims again has been bombarded and the French heavy artillery has been used with success against the earth positions of the enemy. In the Argonne the fighting is being waged hotly.

BERLIN, Dec. 5.—(by wireless to London, 3 p. m.)—Progress of German forces in the west is reported in an official statement given out this afternoon at the army headquarters. The statement follows:

"French attacks yesterday in Flanders and to the south of Metz were repulsed. We made progress at La Bassée, in the forest of the Aronne and in the region southwest of Altkirch.

"In the fighting to the east of the Moselle the situation is favorable for us, and in minor operations there we took 1,200 prisoners.

"Our operations in Poland are taking a normal course.

"The Corriere Del Terra estimates that the losses among the French troops amount to at least 50 per cent. of those engaged in the war and that losses of even greater proportions have been suffered by the territorials."

1914 FOOTBALL SEASON CLOSES

Auburn Finishes Season With Proud Record of Having Kept Its Goal Line Uncrossed.

ATLANTA, Ga., Dec. 5.—Fighting with the grimness and determination that has characterized its gridiron battles throughout the season, Auburn's football eleven defeated the "Lille Indians," 7 to 0, here today, thereby upsetting practically all forecasts as to the result of the game. In holding the Indians scoreless the Alabama Polytechnic Institute team finished the season with the proud record of having kept its own goal line uncrossed. Auburn has not been scored on this year.

Carbise presented an attack in the first period which threatened to demoralize Auburn's defense. After Capt. F. Broke, and Pratt had carried the ball 65 yards down the field to within the shadow of the Auburn goal posts, the Indians lost their best chance to score when the 15 yard penalty was inflicted for holding, immediately thereafter his ball was seriously threatened the "Blue and Gold" Hae.

The Platoon steadily grew stronger as the game advanced. They obtained the ball on downs on Carolina's 30-yard line shortly after the fourth period began and two line rushes by Bides and Hairston, aided by a forward pass, Hairston to Hart, carried the struggle to the Indians' six-yard line. From there Hairston went through for a touchdown. Louisville kicked goal.

The game was played on a field made heavy by recent rains. Carbine attempted numerous lateral and forward passes, especially near the end of the contest, but could not gain enough consecutively. Auburn's usual relied chiefly on line rushing tactics.

Six Auburn players contested for the last time today for the Blue and Gold. They were Captain Robinson and Kearley, ends; Louisville, tackle, Pitts, center; Thigpen, guard; and Hart, halfback.

The University of Pittsburgh eleven in 1915. Today's game closed the southern football season of 1914. Auburn has not been defeated in two years and was not scored on this season.

A DANDY SHOW AT THE PALMETTO

The Peerless Musical Comedy Co., Will Put on Performances That Are Great.

A rare treat is promised the theatre going public of Anderson all of this week. As Manager Pinkston of the Palmetto Theatre has secured for the coming week, what is said to be the best vaudeville troupe appearing on this circuit. The costumes are the most elaborate that have been seen in Anderson, or as a matter of fact, at shows playing a one-night stand, and charging \$2.00 admission. That Manager Pinkston appreciates the patronage accorded him is evident. As he is booking only the best shows to be had. The shows for the past two weeks have been good, but the attraction for this week is guaranteed to be in a class of its own. There is one artist with the troupe that is simply great, as this unknown gentleman will imitate perfectly with his natural voice, any instrument played in a brass band, as an example of a lady pianist. For charging bill on Monday promises to be a hammer, and will no doubt be eagerly awaited by through that attend the Palmetto.
